

GURU SAKTHI S

Electronics & Communication Engineer Undergraduate

✉ gurusakthis.29aug05@gmail.com | 📞 +91 63744 25918
📍 28, Veerappanchatram (TP), Ward 19, Tower Line Colony, Erode – 638011

PROFILES

🌐 guru-sakthi.vercel.app
🐙 github.com/GSak29
🌐 linkedin.com/in/gsak2985

TECHNICAL SKILLS

Programming: C, Embedded C, C++, Python
Microcontrollers: 8086, 8051, ESP32, PIC
Operating Systems: Linux (Ubuntu)
Version Control: Git, GitHub

TOOLS

Proteus
VS Code
ModelSim
MATLAB
Google Colab

AREAS OF INTEREST

Embedded Systems
C Programming

SOFT SKILLS

Problem Solving
Team Collaboration
Time Management
Adaptability

LANGUAGES

Tamil (Native)
English (Professional)

PROFESSIONAL SUMMARY

Electronics and Communication Engineering undergraduate with a strong foundation in embedded systems, digital electronics, and IoT solutions. Experienced in C programming, hardware–software integration, and engineering project development with practical implementation skills.

EDUCATION

B.E. Electronics and Communication Engineering
Kongu Engineering College 2023 – Present
CGPA: **8.92**

Higher Secondary Education
Bharathi Vidya Bhavan 2022 – 2023
Percentage: **85.33%**

PROJECTS

Smart IoT-Based Waste Segregation & Monitoring System

- Developed an automated waste segregation system using sensors and IoT, improving efficiency in real-time street-wise waste monitoring.
- Tech stack:** Raspberry Pi, Firebase, Mobile App

Smart Air Purification System for Small-Scale Industries

- Designed an industrial air purification system with dual carbon filters and gas sensors, reducing manual monitoring by 80%.
- Tech stack:** ESP32, Gas Sensors, Embedded C

Hand Sign Recognition System

- Built a deep learning-based gesture recognition system using a dataset of 1,000+ labeled images for real-time hand sign detection.
- Tech stack:** Python, OpenCV, YoloV8, Flask

ACHIEVEMENTS

- First Place** – College-level C Coding competition
- Top 5** – EBox Top Coders (C)
- Second Place** – ISL Translator Ideathon
- Second Place** – Simulathon

CERTIFICATIONS

- Oracle Java Foundation Associate
- Embedded IoT using Raspberry Pi
- Industry Ready Engineer – Sunshiv
